TechSystems

Two day Hands-on Workshop

ON

Machine Learning
AND
Artificial Intelligence

Program Overview

Machine learning allows computers to perform tasks that were previously only performed by humans.

Machine learning is driving an explosion in artificial intelligence and its capabilities, from self-driving cars to translating speech, by assisting software in the unpredictable real world.

Learning ML is always considered an added advantage to the students going ahead in the realm of IT.

Benefit to the students

- This program encourages students to build creative solutions to the existing problems in the society.

- Exposure to the field of ML

- Helps in pursuing their career in Machine Learning.

Program Highlights

👤	Designed for Absolute beginners
📄	Certificate of completion
🖥️	Interactive offline sessions by industry experts
🧑‍🏫	Hands-on projects
💡	Peer interactions and career guidance

Program Content

MODULE 1	MODULE 2	MODULE 3
Foundations of Machine Learning	Working with Datasets	Regression Algorithms

MODULE 4	MODULE 5	MODULE 6
Classifiers and model building	Real-time projects	Doubt clearing

Tools

python

colab

Pedagogy

Modules 1-5	Module 6
▪ Instructor assisted learning sessions	▪ Students can ask all subject and career related doubts. ▪ Top performers will be duly appreciated.

Program Delivery

- The program will be delivered in classroom interactive mode.

- Sessions will be delivered on google colab's technology platform.

- Students can participate solve problems on their own devices or through the desktops in the lab.

- Students will have access to a cloud based storage for referring to the content.

- Offline instructor-led sessions by top experienced industry experts.

Program Schedule

Program Duration	Two days | 5 to 7 hours of effort/day
Class Schedule	10th and 11th March 2022 10:00 am to 5:00 pm IST
Program Start Date	10th March, 2022
Program End Date	11th March, 2022
Pre-requisite Skills	■ None
Eligibility Criteria	■ Any Undergrad / Postgrad ■ Interest and commitment to learn

About Us

BS Tech Systems is an IT services and training company focused on customer satisfaction while maintaining work-life balance of employees.
We offer technology solutions and services which suit your business, to take it to the heights of success. Some of the domains we cover are Data analysis, Web development, Software solutions, App development, Digital marketing or any other.
